I am a React/React Native developer with more than 4 years of experience. I leverage technical, analytical, and problem-solving skills to create dynamic, high-speed websites, apps, and platforms that drive competitive advantage and foster revenue growth. I have experience in both creating applications from scratch and enhancing existing ones. My work spans various niches, including eCommerce, social media platforms, data visualizations, event/dating applications, enterprise apps, SaaS projects, and B2B applications.
